FINDLAY COLLEGE

# FINDLAY COLLEGE

## GENERAL INFORMATION

### HISTORY

THE first steps toward the establishment of this institution were taken in Findlay, Ohio, during the sittings of the General Eldership of the Churches of God, in May 1881. This body then met triannually, now quadrennially, and is composed of ministers and lay delegates, appointed by the various annual Elderships throughout the United States. The question of founding an institution of learning had been agitated for a number of years, but nothing permanent had been agreed upon. A special session was devoted to the consideration of this project. The discussions were animated and unanimously in favor of a college; several thousand dollars being at once subscribed for such a purpose. It was then decided; 1st, That the General Eldership proceed to secure a school; 2nd, That agents be secured to canvass the Church for money; 3rd, That the Board of Education visit different localities and decide upon a place for locating an institution of learning. This Board was composed of five persons:—R. L. Byrnes, J. M. Cassel, D. Blakely, J. S. Grable and J. M. Carvell. The citizens of Findlay, offering ten acres of ground and $20,000, secured the location of the College for this city. The Executive Board met in Findlay January 25, 1882, to carry out the acts of the General Eldership. This Board was composed of five persons;—Geo. Sandoe, C. H. Forney, W. B. Allen, J. H. Beshore, and T. Koogle. They, having as advisory members the Board of Education and three citizens of Findlay—A. C. Heck, G. F. Pendleton, and J, Strickler, decided that the name of the school should be "FINDLAY COLLEGE," and that Findlay College be located at Findlay, Hancock County, Ohio, on the site selected by the Board of Education. The powers of the Corporation were defined, and Articles of Incorporation were adopted. They elected incorporators, fixed the time of their first meeting, and recommended persons to be elected as Trustees.

On the 28th of January, 1882 the College was incorporated. This corporation held a meeting for the election of trustees, February 8, 1882, resulting in the choice of David Cory, John Ruthruff, A. C. Heck, Samuel Howard, Aaron Blackford, Isaac Steiner, Thomas Metzler, Elija P. Jones and Eli DeWolf, of Ohio; Isaac Frazer, S. H. Redsecker and

J. F. Stoner, of Pennsylvania; and R. M. Paige, of Indiana. Isaac Frazer was elected President of the Board of Trustees, E. G. DeWolf Secretary, and E. P. Jones, Treasurer.

The College has endured the trials incident to a young institution beginning without endowment. But a substantial endowment is being gathered, and confidence in the permanency of the institution is established. The College is conducted on the income from tuition, endowment interest, and gifts. The friends of the school are arranging to make bequests to provide for a larger endowment. The outlook for the College is bright and its work is approved by the church which established and supports it.

## IMPROVEMENTS

The building is heated with steam so that halls and rooms are comfortable in the coldest weather. The Y. M. C. A. and Y. W. C. A. rooms have been newly papered and carpeted, Society halls and Recitation rooms have been papered and newly furnished, and many other improvements have been made to add comfort to the life of the student.

## THE CARROTHERS' HOME

Mr. George Carrothers, one of the enterprising citizens of Findlay, and for a number of years a Trustee of the College, has presented to the College as part of the endowment fund, his fine home to be used as a home for the President. This gift has added inspiration to the work and will doubtless stimulate others to follow the good example.

## WILLARD HALL

The ladies of the College Church have organized an association for the purpose of securing funds to build a Ladies' Dormitory to be known as "Willard Hall." A beginning has been made that is sure to result in successful completion of the undertaking.

## COURSES

The College offers three regular and eight special courses. These courses have been planned to meet the wishes and needs of different students. The College recognizes the fact that the same studies and the same courses are not suited to all minds, and that different powers are possessed by different students, and that these call for a diversity of instruction. At the same time the College has been led to observe that the student needs guidance, and that the guidance can best be obtained by pursuing one of the regular and systematic courses. The student is free to select that course which seems best suited to his talents and aim in life.

## BOARDING AND ROOMING

The College does not furnish board, but the faculty will render all possible aid to non-resident students in securing places of rooming and boarding. When students board in private families they must procure the approval of the President, and will then be expected to conform in general to the regulations of the family with which they may have their residence. Families receiving boarders, whether in clubs or otherwise, will be expected to co-operate with the authorities at the College in promoting the interest and welfare of students thus associated with them.

The aim will be to throw around all students such an influence as will make them feel at home, at the same time to protect them from all temptations to vice or immoral conduct—thus making children feel at home and parents feel secure.

Students can procure board in private families, including room, light and fuel, from $2.50 to $3.50 per week.

Board in clubs can be had for $1.50 to $2.50 per week, room rent not included.

Room rent will be as follows:—Unfurnished rooms per month $1.00 to $1.50; rooms furnished with tables, chairs, bedstead and stove, 50c per week; rooms furnished throughout and cared for 75c per week. Weekly rates are per capita, and contemplate two occupants to a roam.

Rooms can be had for self boarding, and those who desire to do so can in this way room and board at rates yet lower than those above mentioned.

## GOVERNMENT

The regime of the College aims to secure the highest good of all concerned. With this end in view no student is denied any privilege that can be consistently granted, and which is compatible with his work as a student; he is allowed every legitimate means of attaining the end contemplated in the College course. On the other hand, the discipline of the College aims at such regulations of the habits of study and deportment of the students as will be conducive not only to a proper standard of workmanship, but also to the highest possible standard of moral integrity—the highest type of pure manhood and womanhood. Disipline necessarily involves the two elements of instruction and regulation. All students connected in any way with the College are subject to the rules and regulation thereof, and are amenable to the faculty at all times and places while retaining their membership in this institution.

## RELIGIOUS INFLUENCE

Findlay College aims at the development of the entire man, and recognizes the culture of the heart as an essential factor in this work. The Faculty is composed of Christian men and women, who, by precept and example, endeavor to lead their students to a love of truth and a desire for vital piety.

All literary students are required to attend devotional exercises in the College Chapel daily, and Church and Sabbath-school regularly, either at the College, or at such other places as may be selected at the beginning of each term by the student or parents. And as there are twenty-four churches and Sabbath-schools in Findlay, ample opportuuity will be afforded for all regularly to attend Divine Worship.

Student's prayer meetings and Bible Classes will be organized at the beginning of each college year, under the direction of the Y. M., and Y. W. C. A. which, during the years past, have been well attended, and have developed a good degree of interest, and the regular weekly church prayer meeting at the College is accessible to all who care to attend.

## LITERARY SOCIETIES

Excellent opportunities for culture in composition and debate, public speaking, criticism and parliamentary usage are afforded by the Literary Societies.

Two societias are in successful operation, conducted by students under the general regulation of the College—the Peranian and Aristotelian—for ladies and gentlemen. These Societies have large halls 40 x 50 feet, well lighted, heated and ventilated, and elegantly furnished. Meetings are held regularly every Monday evening to which visitors of both sexes are admitted.

## THE LIBRARY

A very important part of the proper equipment of a college is a good working library. Our library at present contains about 2000 volumes. A few of the best encyclopedias, dictionaries, etc., are among the reference books. In the department of Theology and English a number of books have been added in the last few years. This has been made possible through the generosity of some friends of the College, President Brown himself giving more than one hundred and fifty volumes. Great care has also been taken in the selection of the best magazines and periodicals for the reading tables.

There are not as yet sufficient funds to purchase new books. A library endowment fund is indispensable. Friends of the College could not render a greater service, in the way of contribution or bequest, than by establishing such a fund

## SELF-HELP

The student who has small means will find opportunity to help himself by work of various kinds. Some students maintain themselves by setting type and running the prees in the printing office. Other work will be provided as means are secured.

A self-help fund has been started, to which gifts are solicited.

## ADMISSION

The College in all its departments is open to students of either sex.

All applicants to enter any department must present testimony of good moral character.

One who comes from another institution must submit a certificate of honorable dismissal, signed by the President or Secretary of the institution from which he comes.

Students entering for advanced standing will be required to pass an examination in all studies previously pursued by the class they wish to enter.

Grades from accredited colleges will be accepted, subject to the proper adjustment to our courses.

## SPECIAL STUDIES

It is a general requirement that all students shall pursue one of the regular courses leading to a degree. But those who cannot pursue all the studies of a course may, by permission of the Faculty, pursue certain studies for which they are especially qualified.

## WITHDRAWAL

It is required as a condition of dismissal in good and honorable standing, that every student wishing to withdraw, shall submit such request to the faculty in writing.

## FEES

Tuition is $10,00 a term. A fee of fifty cents for Library and fifty cents for Athletics must be paid each term in connection with the tuition. Physical Laboratory—Advanced—fee per term, $2,00. Physical Laboratory—Advanced—deposit fee for breakage, $1.50. Physical Laboratory—Elementary—fee per term, $1,50. Physical Laboratory—Elementary—deposit fee for breakage, $1,00. Chemical Laboratory, fee per term, $3,00. Chemical Laboratory, deposit fee for breakage, $2,00. Botanical and Zoological Laboratory, fee per term, $1,00.

College Department—Diplomas, $5,00. Special Departments—Diplomas, $3,00. Diplomas must be paid at the beginning of the Spring term.

Expenses per term may be summarized as follows:—

| | |
|---|---|
| Tuition - - - - | $ $10,00 |
| Fees - - - - | 1,00 to 3,00 |
| Board - - - - - | 25,00 to 35,00 |
| Room Rent - - - - | 6,00 to 10,00 |
| Fuel, Light, Washing, Etc. - - | 3,00 to 5,00 |
| Books and Stationery - - - | 3,00 to 5,00 |

Total expenses per term will vary from $40,00 to $75,00, or from $120,00 to $180,00 per year. Students may reduce these rates by economy, or they may increase them by spending more money than is actually necessary. Tuition is payable at the begining of each term.

## POST-GRADUATE COURSES AND DEGREES

The College offers the following courses of study of four years each:—

1. A course leading to the degree of Bachelor of Arts.
2. A course leading to the degree of Bachelor of Pedagogy.
3. A course leading to the degree of Bachelor of Oratory.
5. A course leading to the degree of Bachelor of Music.
4. A course leading to the degree of Bachelor of Commercial Science.
6. Six courses that, when completed, will entitle the student to a diploma, but no degree.

## UNDER-GRADUATE COURSES AND DEGREES

Post-graduate study is permitted to graduates of this College and other institutions of equal standing, and degrees will be recommended under the following conditions:

### Master's Degree.

The Master's Degree will be conferred on all those who have taken the Bachelor's degree in this, or any other reputable college or university on the following conditions:

1. The candidate shall have spent one year in a course of post-graduate study marked out by the Faculty, pass satisfactory examinations at the College in the course of study pursued, and present a satisfactory thesis.

2. The same degree will be conferred upon those graduates of three years reputable standing who give evidence of having been engaged for at least two years in studying and reading under the advice of the faculty, and who have presented a satisfactory thesis upon some assigned subject. This privilege is restricted to graduates of this College.

### Bachelor of Divinity.

The degree of Bachelor of Divinity will be conferred:

1. On all those who have completed the Theological course in this College, provided they take two years post-graduate work in Theology in the College, or three years by correspondence.

2. On all those who have taken the Classical course in this or any other reputable college, provided they spend three years in Theological work in the College.

Applicants for post-graduate study will receive full information as to the courses by applying to the President of the College.

## PRIZES

The Avey prize of One Hundred Dollars is offered by W. A. Avey, for the best orations given during Commencement week at an Oratorical Contest.

There shall be four contestants chosen by a preliminary contest as arranged by the Faculty.

The rules of the Contest are:—

1. The orations shall be original in thought and individuality.

2. The orations shall consist of not less than 2000 nor more than 2500 words.

3. The prizes shall be awarded by five distinguished judges, chosen from different proffessions, two by the Faculty and three by the contestants.

4. They shall judge of subject, subject matter, style and delivery. Delivery shall count 40 per cent, each of the others 20 per cent.

5. The contestants shall furnish each judge with a type-written copy of his oration at least one week before the contest.

6. Conviction of plagiarism within two years shall work forfeiture of the prize.

## GYMNASIUM

Findlay College believes in physical education, not merely in physical development. The aim of this department is, therefore, not merely to develop great athletes, but to educate the body that it will best serve the heart and mind. The Gymnasium is on the first floor of the College building. A new and well equipped toilet room with shower baths has been fitted up in the basement.

The Gymnasium Classes are conducted by a competent instructor.

The ladies of the College have the use of the tennis courts for outdoor exercise, and the gymnasium is open certain days of the week for ladies only. The ladies' gymnasium classes are conducted by one of the Professors of the College.

## SILVER JUBILEE

During this college year the Silver Jubilee, or the Twenty-fifth Anniversary of the incorporation of the College, will be celebrated. Special exercises will be held during Commencement week.

In the past history of the College there have been many difficulties, all of which have been successfully overcome, and the future, doubtless, has its reward.

## SUNDAY SCHOOL PROFESSORSHIP FUND

For nineteen years the Sunday-schools of the General Eldership, through the offerings at their Children's Day services, gathered a fund to endow the Chair of Systematic Theology. In 1905 this endowment was completed in the sum of $18,000, and the Sunday-schools have begun the endowment of a second Chair.

## THE C. H. FORNEY ENDOWMENT

Dr. C. H. Forney, Editor of the Church Advocate, has pledged the endowment of the President's Chair. While this endowment will not become active for some time to come, nevertheless it is secure for the future.

## THE CARROTHERS HOME

The gift of Mr. George Carrothers of his beautiful home, to be known as the "Carrothers Home for the President," secures a most valuable location and property for the College for all time to come. While the College will pay Mr. Carrothers, during his life, an annuity as rent, the property is secured and finally will be rent free.

## OTHER LINES OF ACTIVITY

The College needs a ladies' dormitory and a gymnasium building, but the most pressing need at this time is an increased endowment fund. In order to conduct the work successfully as it is now outlined we should have $50,000 additional endowment. This is contemplated in the Carnegie offer, by which we are to raise $37,500, and secure from Mr. Carnegie $12,500, The Churches, the Alumni, and all the friends of the College should crown our year of Jubilee with the completion of this fund. Until this endowment is secured we must appeal to the brotherhood and to the friends of the College for regular offerings in order to meet our running expenses so as to avoid debt.

# COLLEGIATE DEPARTMENT.

**Prof. C. T. Fox, A. M., Ph. D., Dean.**

## TERMS OF ADMISSION

Students are admitted either upon examination at the College, or upon certificates from accredited schools.

### Classical.

Admission to the Freshman Class of the Classical Course will be granted upon satisfactory evidence of proficiency in the following branches:

ENGLISH—The common branches, including Analysis, Composition, Rhetoric, General History, United States History, Descriptive and Physical Geography and English Literature.

MATHEMATICS—Arithmetic completed, four terms in Algebra, Plane and Solid Geometry, and Elementery Physics.

LATIN—Latin Lessons and Grammar, Roman History (one term,) Cæsar, four books; Cicero, six orations; Virgil, six books; Latin Prose Composition and Classical Geography. Collar and Daniel's Beginner's Latin Book, and Allen and Greenough's Grammar are used during the first two terms, after which Allen and Greenough's Grammar will be used.

GREEK—White's Beginner's Greek Book (or an equivalent), and Goodwin's Greek Grammar, Anabasis, four books; Greek Selections; Greek Prose Composition, and Classic Geography.

### Scientific

For admission to the Freshman Class in this course, the requirements are the same as for the Classical, with a substitution of German for Greek.

### Theological

For admission to the Freshman Class in this course, the requirements are the same as for the Classical.

(For schedule of Collegiate study see next page.

# PREPARATORY DEPARTMENT

**Prof. G. G. Bruer, A. M., Principal.**

The work in this department is arranged so as to prepare students for any of the three courses in the Collegiate Department. Students who do not have all the English required for entrance in this department will have the opportunity of making up such deficency in the Normal Department.

The aim of the department is to secure accuracy and proficency in the fundamental work, to form proper habits of study, to create and intensify the desire for learning; in short, to thoroughly equip the student for his subsequent work.

## TEXT BOOKS IN USE

I. Latin—First Latin Book—Collar and Daniel. Cæsar, Cicero, Virgil—Allen and Greenough Series.

I. Greek—First Greek Book—White; Anabasis—Goodwin and White.

I. German—Joynes-Meisner Grammar.

II. German—Wilhelm Tell and other texts.

English Grammar—Baskerville and Sewell.

Rhetoric—Writing in English—Maxwell and Smith.

English Literature—Halleck. American Literature—Abernethy.

General History—Meyer's two Books.

Arthmetic—Southworth-Stone; Algebra—Wells; Geometry—Wentworth; Physics—Carhart and Chute; Physical Geography—Dryer.

Bible—Bible; Sell's Bible Study by periods: Old Testament and New Testament History.

# NORMAL DEPARTMENT

**Prof. H. H. Rangeler, M. S., Principal.**

Two courses, comprising five year's work, are now offered in the Normal Department.

### Teacher's Preparatory Course.

This course (three years) is designed for students who wish training in the Common and Secondary studies, and in the elements of the Science of Teaching. The first year's work is especially adapted to those whose knowledge of the common branches is limited. Admission will be granted to all young people of good moral character and average attainment in the elementary subjects.

### Professional Course.

This course (two years) is designed to develop the science and art of education, and to furnish a thorough study of the secondary branches. It covers all branches required for High School certificates in the State of Ohio. The requirement for admission is the Teacher's Preparatory Course, or its equivalent. On completion, the degree of Bachelor of Pedagogy is awarded.

### Special Studies.

Persons so desiring are permitted to enroll in this department, and to select from the regular course such studies as may suit their needs.

The Principal gives each year a series of Saturday lectures on the Pedagogy book required by the Ohio Teachers' Reading Circle. Admission to these lectures is free to all interested. These lectures cover a careful study of the book and form a good basis for systematic pedagogy study for teachers actively engaged.

### Summer Normal.

A Summer Session of six weeks is held each year. Students are permitted to take up as electives any of the common branches, both review and advance work, and whenever the demand is sufficient classes are formed in the higher branches. Full credit is given in the regular departments of the College for all grades made during the Summer School. Tuition varies in proportion to the number of studies taken.

## JUNIOR YEAR

| First Term | | First Term | First Term | |

(Seniors pursue four subjects. Ethics, Sociology and Philosophy are required.)

# PREPARATORY DEPARTMENT

**Prof. G. G. Bruer, A. M., Principal.**

The work in this department is arranged so as to prepare students for any of the three courses in the Collegiate Department. Students who do not have all the English required for entrance in this department will have the opportunity of making up such deficency in the Normal Department.

The aim of the department is to secure accuracy and proficency in the fundamental work, to form proper habits of study, to create and intensify the desire for learning; in short, to thoroughly equip the student for his subsequent work.

## TEXT BOOKS IN USE

I. Latin—First Latin Book—Collar and Daniel. Cæsar, Cicero, Virgil—Allen and Greenough Series.

I. Greek—First Greek Book—White; Anabasis—Goodwin and White.

I. German—Joynes-Meisner Grammar.

II. German—Wilhelm Tell and other texts.

English Grammar—Baskerville and Sewell.

Rhetoric—Writing in English—Maxwell and Smith.

English Literature—Halleck. American Literature—Abernethy.

General History—Meyer's two Books.

Arthmetic—Southworth-Stone; Algebra—Wells; Geometry—Wentworth; Physics—Carhart and Chute; Physical Geography—Dryer.

Bible—Bible; Sell's Bible Study by periods: Old Testament and New Testament History.

# THEOLOGICAL DEPARTMENT

This Department is under the special direction of the President,
REV. C. I. BROWN, A. M., D. D.,
AND
REV. FRANK K. BAKER, A. M., B. D.

Findlay College is the gift of the Churches of God to the rising generation, and the chief object of the giving was that the children of the Church might have Christian training under the influence of the Church, and that those preparing for the Gospel Ministry in the Churches of God could be educated by the Church.

The Church has always felt the necessity of an educated ministry, but never more than at present. In this day when such rapid advancement is being made in education among the mass of people, it is no more than fitting that they demand an educated minister to proclaim to them the Gospel of Jesus Christ. For the noblest calling in life the best and most thorough preparation should be made. The Churches of God need educated, consecrated men to send into their fields of labor. The Theological department of this institution is earnestly laboring to fully equip the men who come here for instruction.

## COURSES OF STUDY

In this department there are two courses, the Theological and Ministerial. In the Theological course the student takes his work in the Classical course until he reaches the Junior College year. But the last two years are devoted entirely to Theological work. Students who complete the Theological course receive the degree of Bachelor of Arts. On the completion of this course the student may pursue a two years' post-graduate course leading to the degree of Bachelor of Divinity.

### THEOLOGICAL

NEW TESTAMENT GREEK—Two years are given to the study of the Greek New Testament. The life of Christ is taken up chronologically, the Gospel of Mark being used as the basis and compared with the other Gospels. This is followed by the study of the life of Paul and his writings. 5 hrs. a week.

HEBREW—In the first year the course covers the elements of Hebrew grammar and the reading and exegesis of the book of Genesis. In the second year two of the prophetical books and the Psalms are com-

pleted, in connection with an introduction to the books of the Old Testament. 5 hrs. a week.

CHURCH HISTORY—As introductory to this study as well as to New Testament study the first term is devoted to New Testament Times in Palestine (Mathews). The remainder of the two years is given to the study of Church History proper, concluding with a history of the Churches of God. 2 1-2 hrs. a week.

HOMILETICS—The first year's work is chiefly theoretical, special stress being given to sermonizing. A number of sermons are required to be handed in each term by the students. The second year is more practical, delivery of sermons in the class room, Scripture reading, the study of some of the masterpieces of the great pulpit orators, etc. Abundant opportunity is also afforded for preaching in the various churches in the vicinity of the College. 2 1-2 hrs. a week.

THEOLOGY—One term is devoted to Theological Propaedeutic (Schaff); the remainder of the first year to Outlines of Christian Theology. In the second year—Old Testament Theology (Davidson), and New Testament Theology (Stevens), concluding with Forney's Christian Ordinances, and The Philosophic Basis of Ordinances. 5 hrs. a week.

## MINISTERIAL

For students who cannot take the Theological course a three year's Ministeral course has been provided. If there is a deficiency on the part of the student in the common school branches, an extra year must be taken before entering this course.

The aim of this course is to make apt teachers of the Bible, and to give thorough training in the use of the English language. On completion of the Ministerial course the student will be given a certificate of work done.

## FINANCIAL AND OTHER AID

Aid in securing remunerative work will be given students as far as practicable. Some of the Annual Elderships have rendered financial aid to young men coming from their own state. Others have received direct aid from their friends or from friends of the College. All will be done that is possible to aid those who are preparing for the ministry.

Through the generosity of friends of the College a number of scholarships have been endowed. A majority of these scholarships, while remaining the private property of those who have purchased them, have been tendered to Theological students. These cover all cost of tuition, and have thus proved a help to worthy and self-dependent students. The scholarships which have been thus in use during the past year are as

follows:—Taylor, Martha Wertz (East Pa. Sunday-school), Schrader, Ayers, Bolton, Henderson, Forney, D. Wertz, Elizabeth Brandt and East Pa. Sunday-school.

## LIBRARY

A few years ago an effort was made to obtain a good working library for the Theological Department, and as a result a few hundred dollars were invested in books. The few churches of East Pa. which were visited and contributed to this fund are Harrisburg (4 th St.), Mechanicsburg, Washington Boro, Columbia, Landisville, and Mt. Joy. Pres. Brown has also given us quite a number of books for this department.

We wish to increase the size of this department of our library and thus give our theological students the best material with which to work while here. So we ask those who desire to assist in this to send their contributions to Prof. Baker, librarian, and he will purchase the books most needed.

## Degree of Bachelor of Divinity.

The degree of Bachelor of Divinity will be conferred:

1. On all those who have completed the Theological course in this College, provided they take two year's post-graduate work in Theology in the College, or three years by correspondence.

2. On all those who have taken the Classical course in this or any other reputable college, provided they spend three years in Theological work in the College.

Applicants for post-graduate study will receive full information as to the courses by applying to the President of the College.

## THE THEOLOGICAL RECITATION ROOM

This recitation room has never been properly furnished, and as a result we have been considerably handicapped in our teaching. We are in need of suitable chairs, a professor's desk, wall maps, etc., to make the room not only more attractive but more serviceable. Fourth Street Church, Harrisburg, Pa. has pledged the amount needed for this equipment. We expect this to be accomplished before the close of the College year, so that we may be ready for the celebration of the Silver Jubilee.

## PRACTICAL WORK

We seek to prepare young men and women for effective Christian service. We give special prominence to the English Bible and practical work. The Christian Associations of the College, the College Church, Sunday-school, Y. P. S. C. E. and Mission Schools give ample opportunity for practical work.

UNIVERSITY OF ILLINOIS.

# SCHOOL OF EXPRESSION

**Edwin D. Williams, Instructor.**

## ADMISSION

All students entering this course must satisfy the Faculty as to their practical acquaintance with the common English branches.

## VALUE OF THE WORK

Every person now admits the importance of being accomplished in some line of study in order to be received more rapidly into society, and to be more useful in life. As an accomplishment, Elocution has its place beside the great arts. Few entertainments are now complete without a Reader. Beside, the study of Literature from the standpoint of Elocution, gives good form to sentences, good grammar, good rhetoric, a good vocabulary, and fills the mind with the best thought. These constitute the foremost of accomplishments. Again, Elocution trains for good, expressional and thoughtful reading, and as a fine art has no superior.

## METHOD OF INSTRUCTION

A Method of Instruction is very much superior to a System, as a System implies pre-arranged plans of work, and must be gone through with whether the student needs that kind of a drill or not. In fact to follow a System is to attempt to make one cloak fit all individuals. To follow a System is to destroy, to a great extent, the student's personality. Some students need drill along one line of work, and others in an entirely different direction. To use a Method allows us to develop the student "roundly", preserve his individuality, and give force and strength to all his being.

## PHYSICAL CULTURE

The object of Physical Culture, in connection with Oratory and Elocution, is to develop the different parts of the body so that it becomes a perfect instrument for the manifestation of the thoughts and emotions of the speaker. It also serves other purposes;—namely, the promotion of good health, by developing muscular and nerve strength, and the acquiring of perfect control of the body. In this way dignified and easy grace of manner is secured, and all appearance of self-consciousness is avoided.

## VOICE CULTURE

The object of Voice Culture is to secure control and durabilty of the voice, together with sympathy, mellowness, elasticity and pureness of tone. The method pursued is founded upon scientific principles that experience has proven will develop the voice to its best possibilities. A voice properly developed can be used from four to ten hours daily. Huskiness and hoarseness are the results of improper use of the voice.

## ORATORY

It has become a recognized fact that he who expects to rank high as a public speaker, whether at the bar, in the pulpit, or elsewhere, should make a study of Oratory. Simply studying the classics and sciences never made an orator. The study of Oratory develops and brings into harmony the intellectual, the emotional, and volitional faculties, and also develops the voice and body so they will readily respond to the mind, and manifest the mental impressions naturally and clearly.

## RECITALS

Recitals are given in which students of the Department are expected to take part. Plays from Shakespeare are given which afford opportunities for dramatic work. The study of the dramatic is given a prominent place in the course because of its value as a means of personal culture. In it we find one of the greatest sources of expressional growth and use it as such.

## RULES AND REGULATIONS

No lessons missed by students will be made up except in case of sickness, or at least one day's notice has been given.

Students are required to pay their tuition to the Secretary of the College strictly in advance.

## TUITION

Per term, private, 60 cents per lesson. Private lessons, less than a term, per lesson, 75 cents.

## GRADUATION

Students graduating from this Department must have completed, at least, the Preparatory Course of the College, or a High School course, or their equivalent, before a diploma will be granted.

## DEGREE

The degree of Bachelor of Oratory is conferred on those who complete the full course of four years.

# CONSERVATORY OF MUSIC

## FACULTY

REV. C. I. BROWN, A. M., D. D., President.

GUY C. LATCHAW, Director,

Principal of Voice Department, Teacher of Voice, Theory, Musical History and Director of Chorus.

MRS. J. J. JELLEY,

Principal of Piano Department and Teacher of Piano.

MRS. CORA CONN-MOORHEAD,

Assistant in Piano Department, and Teacher of Pipe Organ.

LEON WINELAND,

Orchestral Director and Teacher of Violin, Viola, Cello, Bass Viol, Harp, Guitar, Mandolin, Cornet and other Brass Instruments.
A Pupil of the Berlin Conservatory of Music.

## DEPARTMENTS OF INSTRUCTION

I. Course for the Piano.
II. Course for the Organ.
Course for the Voice.
IU. Course for the Violin and other stringed Instruments.
V. Course for the orchestra and Band Instruments.
VI. Course for Theory, including Harmony, Counterpoint, Fugue, Form and Analysis and Musical History.

### PIANO

All students of the Piano are required to pursue the most thorough modern system of technical training practicable, special attention being given to hand formation, the cultivation of touch, interpretation, correct musical taste and the attainment of an artistic delivery. To this end rythm, phrasing, musical form, treatment of modulation, syncopation, suspension, and the use of the pedal is discussed. Beginners and those not far advanced are especially welcome, as they possess few or none of the erroneous ideas and bad habits which are so easily formed by incorrect teaching, or by careless practise, and which prove, in many cases, almost insurmountable obstacles to high culture. They, therefore, re-

ceive more rapidly the correct fundamental principles, and can, as a rule, make steady and rapid progress, uninterupted by the tedious process of unlearning bad habits which retard the advancement of those less fortunate. Selections are made from the best classical and modern compositions.

## VOICE CULTURE

In the study and development of the voice, much care is taken to the laying of a thorough foundation. In this preparation much attention is given toward teaching the correct way of breathing. And as the diaphram is the principal and essential breathing muscle, and as expiation is effected chiefly by the abdominal muscles; our first endeavor is to strengthen the diaphragmatic breathing by systematically devloping the abdominal muscles. As soon as the diaphram functions are as desired, the student is turned toward tone production, (being able to recognize the "point of support" for the voice), tone-placing, and the proper use of the vocal organs. After this foundation is laid the technic of the voice is considered; for the development of which, studies are taken from the best modern schools, treating each voice according to its own special needs. The student may now advance into the larger and unlimited field of song and interpretation which is so fascinating to the talented and those of an artistic temperament. Those who are not gifted by nature with unusual voices should not despair if they wish to learn to sing, for often our best singers are those to whom nature has given only an average voice, while frequently the one with the wonderful voice accomplishes nothing or only reaches mediocrity. The ability to absorb the teaching, the talent for application to the work, and above all the artistic temperament are of as much importance as the natural voice.

## THEORY

The Course in Theory embraces four terms in Harmony, two terms in Ear Training; four terms in Counterpoint, Imitation, Canon and Fugue; four terms in Form and Analysis. Text-books:—Harmony: Clark, Prout; Counterpoint, Imitation, Fugue: Clark, Prout; Form and Analysis: Goodrich.

## HISTORY OF MUSIC

All students are required to take at least one year of Musical History. No student can intelligently render any composition unless he is familiar with the life and characteristics of the composer, and knows something of the period in which he lived. The class will meet once each week. Text-book:—Dickinson's Study of the History of Music.

## ORCHESTRAL DEPARTMENT

This Department, under the direction of Prof. Leon Wineland, a pupil of the Berlin Conservatory of Music, is doing work of a high order, and equal to that of any other school. The very best methods are used, including Schroadieck's three books of technic for the violin, Kreutzer's fourty studies, Fiorilla's and Givina's technic, and Joachim's new school for the violin.

As no instrument is so capacious or diversified in its character, and no one so entirely dependent in every particular on the conception of its manipulator, as the violin, it will be seen at once that thorough and careful training is necessary to become a good violinist.

In this department all stringed and brass instruments are taught in the most systematic and thorough manner; bad habits are corrected and correct habits established. The orchestral and sight reading class meets daily, to which all regular students are admitted.

## PIPE ORGAN

Aside from the position the organ holds as a means of culture, there is a growing demand for good organists in churches as well as in schools. The plan of work provides for thorough training in all that pertains to a mastery of the organ for church and concert use, including special exercises in playing church music and voluntaries, drills in technic and registration. The course is arranged to give a knowledge of the different schools of organ music as represented by the best composers of each. There is a fine Estey two-manuel organ in the College on which lessons are given, and on which students may practise.

## PIANOS

The Conservatory is furnished with high grade pianos—the Voice Studio with one, and the Piano Studio with two pianos each. An A. B. Chase Grand has been purchased and placed in the College Chapel for use in all public recitals.

## CHORUS CLASS

The Chorus Class will meet once each week for an hour's practice. This is free to students and all who are able to sing and read. The Class studies the music selected by the Director, and must buy their own music.

## VOCAL SIGHT READING CLASS

This Class meets for one hour's study once a week for the purpose of teaching pupils how to read vocal music at sight. A fee of one dollar per term is charged, in addition to expense, for book needed. All voice students are expected to belong to this class.

## RECITALS

Public Recitals will be given once each term. Preceding each public recital there will be a full rehearsal before the Conservatory Faculty. Private recitals will be given every two weeks. All pupils are expected to attend these recitals regularly, and perform whenever requested by the teacher. These performances give pupils great freedom before the public, and also give them confidence in themselves.

## ARTISTS' RECITALS

It is the purpose of the Conservatory to give one Artists' Recital each term. For these recitals each pupil will be charged fifty cents, as a part of his tuition to be set apart as an Artists' Recital Fund, and in return for which he will be given two tickets of admission.

## RULES AND REGULATIONS

Pupils are urged to be present at the beginning of each term.

All pupils must personally enroll with the Director.

Excuses for lessons missed will not be granted by the individual teacher, but by the Conservatory Faculty.

No lessons missed by pupils will be made up except in case of sickness, when more than two lessons in succession, are missed, in which case the loss will be shared equally by the Conservatory and pupil.

Lessons occuring an National holidays will not be made up.

Pupils are required to pay their tuition to the Secretary of the College strictly in advance.

Pupils will not be permitted to take part in any public program without the consent of the Conservatory Faculty.

Every music student is expected to attend all concerts given under the auspices of the Conservatory or College.

All music students are expected to attend the regular Students' Recitals, and to take part in them whenever so assigned.

All voice pupils are expected to be members of the Vocal Sight Reading Class.

Students may enroll at any time, but for not less than a period of ten weeks.

All pupils of assistant teachers must have at least one year's work with the Principal of the Department from which he wishes to graduate, in addition to the regular work with the assistant teacher.

## FREE ADVANTAGES

One lesson in Ear Training will be given each week to Theory pupils.

All advanced Piano pupils will be admitted to the Symphony Class, conducted by the Principal of the Piano Department, which meets once a

week for an hour's drill in sight reading.

All Conservatory students, and students of the College will be admitted to the Chorus Class which meets once a week.

All students of the Orchestral Department will be admitted to the Orchestra class which rehearses every day.

## GRADUATION

Diplomas will be granted to those who complete the course in Voice and Theory, or any one instrument and Theory. Three years at two lessons per week are required in Theory, and from three to four years in Voice or Instrumental, owing to the degree of proficiency at the time of beginning and the advancement made.

Candidates for graduation on piano must give a public recital of standard works and play a concerto, with orchestral parts played on a second piano, at the close of the Junior and Senior years.

Graduates in Voice must give a public recital of standard works, including selections from the classic song writers and standard oratorios, at the close of their Junior and Senior years.

Graduates in Voice are expected to be able to play accompaniments of medium difficulty on the piano.

The Conservatory Faculty and the President of the College shall constitute a Board of Examiners, and no pupil shall graduate unless he proves to the Board, by his or her recital, to be worthy of gradution.

## THE CONSERVATORY LIBRARY OF MUSIC

To facilitate the work of the Department of Music, there has been added to its advantages a library of music which embraces all the technical studies for the piano, progressive studies, selections comprising all grades, sonatinas, sonatas and concertos. In the Vocal Department, vocalizes, solfeggios, studies in flexibility, selections ranging from the easiest grade to the most difficult.

The music will be loaned at the nominal fee of one dollar per term in each department.

For those not desiring to use the Library of Music, the music will be supplied by the teacher at reduced rates.

All music thus secured must be settled for at end of term.

## EXPENSES

### Per Term of Ten Weeks.

| | |
|---|---|
| Piano rent, four hours each day | $ 6.00 |
| Piano rent, three hours each day | 4.50 |

Scholarship in Orchestral Department, three years ..... 140.00

## CALENDAR—1907-'08.

Third Term begins Monday, January 28, 1907, and ends Saturday, April 6, 1907.

Fourth Term begins Monday, April 8, 1907, and ends Thursday, June 13, 1907.

First Term begins Monday, September 2, 1907, and ends Saturday, November 9, 1907.

Second Term begins Monday, November 11, 1907, and ends Saturday, February 1, 1908.

Third Term begins Monday, February 3, 1908, and ends Saturday, April 11, 1908.

Fourth Term begins Monday, April 13, 1908, and ends Saturday, June 20, 1908.

Christmas Vacation from December 21, 1907 to January 6, 1908.

# FINDLAY BUSINESS COLLEGE

**I. S. Sunday, Principal.**

Our school is located on the third floor of the magnificent Findlay College building. Individual desks have been provided for the use of students. Thirteen new, one hundred dollar typewriters have been added to the shorthand department, making the finest equipment we ever had. Others will be added as needed.

## SHORTHAND DEPARTMENT

Gregg Shorthand, Touch Typewriting, Spelling, Business Correspondence, Dictation, Contracts, Testimony and Law Form, Penmanship, Office Practice.

The greatest factor in building up our reputation has been the system of shorthand taught. Up until six years ago our principal was a teacher and practical writer of one of the leading Pitmanic systems. We were induced to try Gregg along side the system used, with the result that we were convinced of the superiority of the Gregg in brevity, simplicity and speed. Since then we have used the Gregg with increasing satisfaction.

Our shorthand course is divided into four grades, based upon acquisition of the principles of shorthand, the proficiency in applying them, and the speed acquired. When the principles have been satisfactorily mastered, speed in writing is obtained by systematic training and practice under the direction of skilled and experienced teachers. Dictation work is usually reached in from six to eight weeks, the advancement dependentirely upon the natural ability and diligence of the student.

## BOOKKEEPING DEPARTMENT

English, Spelling, Penmanship, Bookkeeping, Corporation Accounting, Banking, Business Correspondence, Commercial Arithmetic, Commercial Law, Business Methods.

The practical system of bookkeeping introduced into our course of business training marks a distinctive advance in teaching the science of accounts. By this system of bookkeeping the counting room is in reality brought into the school-room, and the student, upon day of entrance, begins the work of the real bookkeeper. The system unfolds the science of accounts in a practical and scientific way, and covers every variety of business transactions from the simplest to the most complicated.

Corporation Accounting and Banking are introduced in the advanced part of the course.

## DEGREE

Students who have completed a four years' high school course or its equivalent, upon finishing the full Commercial Course are entitled to the degree of Bachelor of Commercial Science.

## SITUATIONS

We are unable to supply the demand for stenograghers and bookkeepers. We can secure a position for every graduate, because the business world is familiar with the kind of product we turn out. Our whole energy is directed first, to producing an unequaled product, and second, to marketing it. It is by holding strictly to these two rules that this school has attained the high place it now occupies.

## SPECIAL ADVANTAGES

1. Three courses of study; one leading to a degree.
2. A large Library, two Literary Societies, Young Men's and Young Women's Christian Associations, and College Athletics.
3. The benefit of a Christian Environment.
4. The stimulus of the College spirit.
5. An ideal location for study.
6. Cheap boarding rates.
7. The most up-to-date text-books published.
8. Steam heat, good light and ventilation.
9. A competent corps of teachers.
10. A new equipment of desks and typewriters.
11. Our students may arrange for other studies in other departments of the College.
12. A permanent institution with an iron-clad endowment guaranty.

## SPECIAL LITERATURE

Our space being limited here, we issue special literature giving fuller details of the Courses of Study, which will be mailed on request.

Address the Principal for further information.

Spring Term begins March 27, 1907.
Fall Term begins September 3, 1907.

# NAMES OF STUDENTS.

## COLLEGIATE DEPARTMENT

### GRADUATES

Bailey, J. W.....A. B.....Jerry City Ohio
